

We are excited to offer a free conference app to help you in navigating the upcoming CMV Public Health & Policy Conference! Please download the Bizzabo app NOW by following the instructions below. Once the app is downloaded, it no longer needs to use Wi-Fi. With the app, you'll have the opportunity to view the detailed agenda, schedule what sessions you would like to attend, connect with other conference attendees, complete evaluations, receive real time announcements, and more. Make sure you've downloaded the app before the conference to get familiar with the layout.

If you have questions, please contact us.

We look forward to seeing you in a month!

Sincerely,

CMV Public Health and Policy Conference Planners
