

Telehealth Technology Assessment Center

TECHNOLOGY ASSESSMENT 101: SELECTING THE RIGHT EQUIPMENT FOR YOUR PROGRAM

A free webinar from the Telehealth Technology Assessment Center in cooperation with the Northwest Regional Telehealth Resource Center

October 29, 2010 | 12:00 - 1:00 PM PST

Presentations by Chris Patricoski, MD and Stewart Ferguson, PhD
Moderated by Garret Spargo, Director of the TTAC

THIS WEBINAR IS FOR:

- Organizations getting into telehealth, yet don't know how to select devices to meet their needs
- Established telehealth programs that want to expand services but need to get the right technology
- Telehealth program administrators

LEARN ABOUT:

- Recommended practices for performing market evaluations, device assessments, and selections
- Tools for performing technology assessments
- Lessons taken from over a decade of technology assessment with AFHCAN
- Free toolkits provided by the Telehealth Technology Assessment Center that have been released, and what is planned through the next year

REGISTER:

- Email info@telehealthtac.org for registration information
- Visit www.telehealthtac.org and www.nrtrc.org for more information

This webinar is made possible through funding provided by the Health Resources and Services Administration, the Office for the Advancement of Telehealth, and Indian Health Services
